Mandala, painting,  
origami, etc

# WHY BAALKALAKAAR?

Baalkalakaar was created to give underprivileged children a chance to express themselves in ways they may never have before. By exploring their creativity through fun art workshops, these kids get to discover hidden talents, build self-confidence, and experience the joy of learning something new.

It's more than just an event—it's about making them feel seen, valued, and inspiring them to dream bigger through the power of creativity.

# INTRODUCTION

On August 10th, 2024, Baalkalakaar brought together over 550 children at Harola Primary Government School, Noida, for a vibrant day of art and imagination. With the help of 100+ dedicated volunteers, the children participated in workshops like mandala art, painting, and origami, guided by expert artists.

The event was designed to encourage creativity and provide a fun, engaging environment where the children could freely express themselves and explore new artistic skills.

# VOLUNTEER CONTRIBUTIONS

With over 100 volunteers, Baalkalakaar 2024 successfully provided an enriching experience for the children.

From organizing logistics to facilitating art workshops, the dedication of the volunteers was crucial in making the event memorable for both the children and the organizers.

The background image shows a classroom setting. In the upper part, a sign on the wall reads 'राष्ट्रीय पंक्षी मोर' (National Panchi Mera). Below the sign, several children are looking towards the camera. In the lower part, a child is sitting at a desk, drawing on a piece of paper. The overall scene is brightly lit, and the children appear to be engaged in an activity.

## IMPACT BEYOND THE DAY

The impact of Baalkalakaar extends far beyond a single day. By distributing drawing books, crayons, and stationery kits, Tapas Foundation ensures that the children can continue their creative journey long after the event.

## LOOKING AHEAD

While the event was a success, last-minute logistical challenges, including weather changes and securing high-profile sponsors, served as learning points. Future events aim to further enhance the scale and provide more educational sponsorships.
